

Hamza AJ

Full Stack Developer

Professional Summary

- I'm a Full Stack Web Developer with expertise in Django, ReactJS, and a focus on AI, machine learning, and automation. I specialize in building AI-powered applications, web automation tools, and scalable backend systems, and I'm currently exploring advanced automation workflows and cloud-based deployment.

Work History

2024-10 -
2025-02

Full Stack Web Developer

Fireprenair, Remote

As a Full Stack Web Developer, I contributed to Fireprenair.com, a platform integrating AI, freelancing, digital products, and e-learning. Using Django, I built scalable backends, dynamic UIs, and secure payment systems, enhancing the platform's user experience and modularity

2023-02 -
Current

Python Developer

Freelance, Remote

As a Python Developer, I deliver solutions in web automation, data scraping, API integration, and backend development, using Django, FastAPI, and AI features like chatbots and predictive models, with a focus on clean, efficient code.
